## SAFETY DATA SHEET

according to Regulation (EC) No. 1907/2006

Doc. N° 411035 rev.0 Date of issue 25/05/2015 Revision Date 25/05/2015

SECTION 1: Identification of the substance/r 1.1 Product identifiers	nixture and of the company/undertaking
Product name: Product Number:	AGAR HIGHLY PURIFIED
<b>1.2 Relevant identified uses of the substance</b> Identified uses:	e or mixture and uses advised against Highly purified agar for biochemistry and microbiology
<b>1.3 Details of the supplier of the safety data</b> Company :	sheet Biolife Italiana S.r.I. Viale Monza 272, 20128 Milano Italia Tel : 0039 02 252091 Fax: 0039 02 2576428 E-mail: <u>mktg@biolifeitaliana.it</u>
1.4 Emergency telephone number	
Emergency Phone #	Italy: 0039 02-6610-1029 (Centro Antiveleni Niguarda Ca' Granda - Milano) Other countries: refer to local Anti-Poison Centre
SECTION 2: Hazards identification 2.1 Classification of the substance or mixtur	
	Not a hazardous substance or mixture according to Regulation (EC) No 1272/2008 Not a hazardous substance or mixture according to EC- directives 67/548/EEC or 1999/45/EC.
2.2 Label elements	none
2.3 Other hazards -	none
Restricted to professional users	
SECTION 3: Composition/information on ing 3.2 Mixtures	redients
No components need to be disclosed according	to the applicable regulations.
SECTION 4: First aid measures 4.1 Description of first aid measures	
If inhaled	If breathed in, move person into fresh air. If not breathing, give artificial respiration. Obtain medical attention.
In case of skin contact	Wash off with soap and plenty of water. Obtain medical attention.

Flush eyes with water as a precaution. Obtain medical attention.

**Biolife** Italiana S.r.I., Viale Monza 272, 20128 Milan, Italy. Tel. n°++39 02 25209.1, Fax n° ++39 02 2576428 E-mail: <u>mktg@biolifeitaliana.it;</u> Web Site: <u>www.biolifeitaliana.it</u> sds en 4110352 rev 0

4.2 Most important symptoms and effects, both acute and delayed       The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11         4.3 Indication of any immediate medical attention and special treatment needed no data available       11         SECTION 5: Fire fighting measures       5.1 Extinguishing media         5.1 Extinguishing media       Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         5.2 Special hazards arising from the substance or mixture Carbon oxides       Carbon oxides         5.3 Advice for fire-fighters       Wear self contained breathing apparatus for fire fighting if necessary.         5.4 Further information       no data available         SECTION 6: Accidental release measures       6.1 Personal protective equipment and emergency procedures         6.1 Personal protective equipment and emergency procedures       Avoid dust formation. Avoid breathing vapours, mist or gas. For personal protection see section 8.         6.2 Environmental precautions       Do not let product enter drains.         6.3 Methods and materials for containment and cleaning up       Sweep up and shovel. Keep in suitable, closed containers for disposal.         6.4 Reference to other sections       For disposal see section 13.         SECTION 7: Handling and storage       Provide appropriate exhaust ventiliation at places where dust is formed. Normal measures for preventive fire protection. For precautions see section 1.2.         7.2 Conditions for	If swallowed	Page : 2 of 6 Never give anything by mouth to an unconscious person. Rinse mouth with water. Obtain medical attention.			
The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11         4.3 Indication of any immediate medical attention and special treatment needed no data available         SECTION 5: Fire fighting measures 5: 1 Extinguishing media         Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         5.2 Special hazards arising from the substance or mixture Carbon oxides         5.3 Advice for fire-fighters       Wear self contained breathing apparatus for fire fighting if necessary.         5.4 Further information       no data available         SECTION 6: Accidental release measures       6.1 Personal precautions, protective equipment and emergency procedures Avoid dust formation. Avoid breathing vapours, mist or gas. For personal protection see section 8.         6.2 Environmental precautions       Do not let product enter drains.         6.3 Methods and materials for containment and cleaning up Sweep up and shovel. Keep in suitable, closed containers for disposal.         6.4 Reference to other sections       For disposal see section 13.         SECTION 7: Handling and storage       Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection. For precautions for safe storage, including any incompatibilities         7.2 Conditions for safe storage, including any incompatibilities         SECTION 8: Exposure controls/personal protection         8.1 Gosrif contain substances with occupational exposure limit value.					
4.3 Indication of any immediate medical attention and special treatment needed no data available       no data available         SECTION 5: Fire fighting measures 5: 1 Extinguishing media       Use water spray, alcohol-resistant foam, dry chemical or carbon oixide.         5.2 Special hazards arising from the substance or mixture Carbon oxides       Carbon oxides         5.3 Advice for fire-fighters       Wear self contained breathing apparatus for fire fighting if necessary.         5.4 Further information       no data available         SECTION 6: Accidental release measures       Avoid dust formation. Avoid breathing vapours, mist or gas. For personal protective equipment and emergency procedures         6.1 Personal precautions, protective equipment and emergency procedures       Avoid dust formation. Avoid breathing vapours, mist or gas. For personal protection see section 8.         6.3 Methods and materials for containment and cleaning up Sweep up and shovel. Keep in suitable, closed containers for disposal.       6.4 Reference to other sections         6.4 Reference to other sections       For disposal see section 13.         SECTION 7: Handling and storage       Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection. For precautions for safe storage, including any incompatibilities         7.1 Precautions for safe storage, including any incompatibilities       Keep container tightly closed in a dry and well-ventilated place. Store in cool place. Hygroscopic.         7.3 Specific end use(s)       Apart from the uses mention	4.2 Most important symptoms and effects, I	The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section			
5.1 Extinguishing media       Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         5.2 Special hazards arising from the substance or mixture Carbon oxides       Carbon oxides         5.3 Advice for fire-fighters       Wear self contained breathing apparatus for fire fighting if necessary.         5.4 Further information       no data available         SECTION 6: Accidental release measures       Avoid dust formation. Avoid breathing vapours, mist or gas. For personal protection see section 8.         6.2 Environmental precautions       Do not let product enter drains.         6.3 Methods and materials for containment and cleaning up Sweep up and shovel. Keep in suitable, closed containers for disposal.         6.4 Reference to other sections       For disposal see section 13.         SECTION 7: Handling and storage       Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection. For precautions for safe storage, including any incompatibilities         7.1 Oraditions for safe storage, including any incompatibilities       Keep contained in a dry and well-ventilated place. Store in cool place. Hygroscopic.         7.3 Specific end use(s)       Apart from the uses mentioned in section 1.2 no other specific uses are stipulated         SECTION 8: Exposure controls/personal protection       It doesn't contain substances with occupational exposure limit value.         8.1 Control parameters       It doesn't contain substances with occcupational exposure limit value. <tr< th=""><th colspan="5">4.3 Indication of any immediate medical attention and special treatment needed</th></tr<>	4.3 Indication of any immediate medical attention and special treatment needed				
5.1 Extinguishing media       Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         5.2 Special hazards arising from the substance or mixture Carbon oxides       Carbon oxides         5.3 Advice for fire-fighters       Wear self contained breathing apparatus for fire fighting if necessary.         5.4 Further information       no data available         SECTION 6: Accidental release measures       Avoid dust formation. Avoid breathing vapours, mist or gas. For personal protection see section 8.         6.2 Environmental precautions       Do not let product enter drains.         6.3 Methods and materials for containment and cleaning up Sweep up and shovel. Keep in suitable, closed containers for disposal.         6.4 Reference to other sections       For disposal see section 13.         SECTION 7: Handling and storage       Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection. Development and a stine of an in month	Page : 3 of 6	
Personal protective equipment Eye/face protection	Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).	
Skin protection Body Protection	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.	
Body Protection	Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.	
Respiratory protection	Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).	
Control of environmental exposure	Do not let product enter drains.	
SECTION 9: Physical and chemical properties 9.1 Information on basic physical and chemical properties		
a) Appearance Form:	powder	
Colour:	no data available	
b) Odour	no data available	
c) Odour Threshold	no data available	
d) pH	6.0 – 7.5, 1% solution	
e) Melting point/freezing	no data available	
point	no uala avaliable	

f) Initial boiling point and	
boiling range	no data available
g) Flash point	no data available
h) Evaporation rate	no data available
i) Flammability (solid, gas)	no data available
j) Upper/lower	
flammability or	
explosive limits	no data available
k) Vapour pressure	no data available
I) Vapour density	no data available
m) Relative density	no data available
n) Water solubility	no data available
<ul> <li>Partition coefficient: n-octanol/</li> </ul>	
water	no data available
<ul> <li>p) Auto-ignition temperature</li> </ul>	no data available
<ul> <li>q) Decomposition temperature</li> </ul>	no data available
r) Viscosity	no data available
s) Explosive properties	no data available
t) Oxidizing properties	no data available
9.2 Other safety information	no data available

BIOIITE Italiana Srl	
SECTION 10: Stability and reactivity 10.1 Reactivity	Page : 4 of 6 no data available
10.2 Chemical stability	no data available
10.3 Possibility of hazardous reactions	no data available
10.4 Conditions to avoid	no data available
10.5 Incompatible materials	no data available
10.6 Hazardous decomposition products	Other decomposition products - no data available In the event of fire: see section 5
SECTION 11: Toxicological information 11.1 Information on toxicological effects Acute toxicity	no data available
Skin corrosion/irritation	no data available
Serious eye damage/eye irritation	no data available
Respiratory or skin sensitisation	no data available
Germ cell mutagenicity	no data available
Carcinogenicity	IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
Reproductive toxicity	no data available
Specific target organ toxicity - single expos	no data available
Specific target organ toxicity - repeated exposure no data available	
Aspiration hazard	no data available
Potential health effects Inhalation	May be harmful if inhaled. Causes respiratory tract irritation.
Ingestion	May be harmful if swallowed.
Skin	May be harmful if absorbed through skin. Causes skin irritation.
Eyes	May <b>c</b> auses serious eye irritation.
Signs and Symptoms of Exposure	To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.
Additional Information	RTECS: Not available
SECTION 12: Ecological information 12.1 Toxicity	no data available

no data available

## **SECTION 15: Regulatory information**

This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006.

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture<br/>no data available15.2 Chemical Safety AssessmentFor this product a chemical safety assessment was not<br/>carried outSECTION 16: Other informationno data availableRestrictions on useno data availableAdviceno data availableLiterary referenceno data available

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It doesn't represent any guarantee of the properties of the product.

Biolife S.r.l. shall not be held liable for any damage resulting from handling or from contact with the above product
